Career Summary

Motivated Computer Science and Engineering undergraduate with a solid foundation in Java, Spring Boot, MySQL, and data structures. Familiar with building responsive user interfaces using HTML, CSS, and JavaScript. Eager to learn, apply technical skills, and contribute to real-world software development projects in a collaborative, growth-oriented environment.

Education

B.Tech in Computer Science and Engineering, G Pullaiah College of Engineering and Technology, Kurnool
Aug 2022 – May 2026 — CGPA: 8.6

Intermediate (Class XII), A.P. Model College, Midthur
June 2020 – May 2022 — Percentage: 83%

SSC, A.P. Model School, Midthur
June 2019 – May 2020 — CGPA: 10.0

Projects

Invoice Processing System

Technologies: Spring Boot (Java), React.js, MySQL, Spring Security, REST API

- Built a full-stack Invoice Management System using Spring Boot (Java) for backend, React.js for frontend, and MySQL as the database.
- Designed and implemented RESTful APIs for seamless client-server communication and invoice operations.
- Implemented add/delete functionality for invoice data with validation and secure access control.

E-commerce Website

Technologies: HTML, CSS, JavaScript

- Developed a responsive e-commerce website for a mobile shop using HTML, CSS, and JavaScript, focused on clean design and user-friendly navigation.
- Designed a mobile-first UI to ensure smooth browsing on all screen sizes, using media queries and responsive layout techniques.
- Added a contact feature via email, enabling customers to inquire about products directly through a simple contact form.

Internship Experience

Cognifyz Technologies – Front-End Development Virtual Internship

- Gained hands-on experience with HTML, CSS, JavaScript, and frameworks like React.
- Collaborated to create responsive and user-friendly interfaces.

Technical Skills

Languages: Java, Python(Beginner), SQL

Frontend: HTML, CSS, JavaScript, React.js(basic)

Backend (Basic): Spring Boot, REST API, Spring Security

Database: MySQL

Certifications

- Java Programming – Codetantra
- Front-End Development (Internship) – Cognifyz Technologies
- Data Structures and Algorithms (DSA) – Smart Interviews 
- Internet of Things (Elite Gold) – NPTEL
